# Washington & Lee

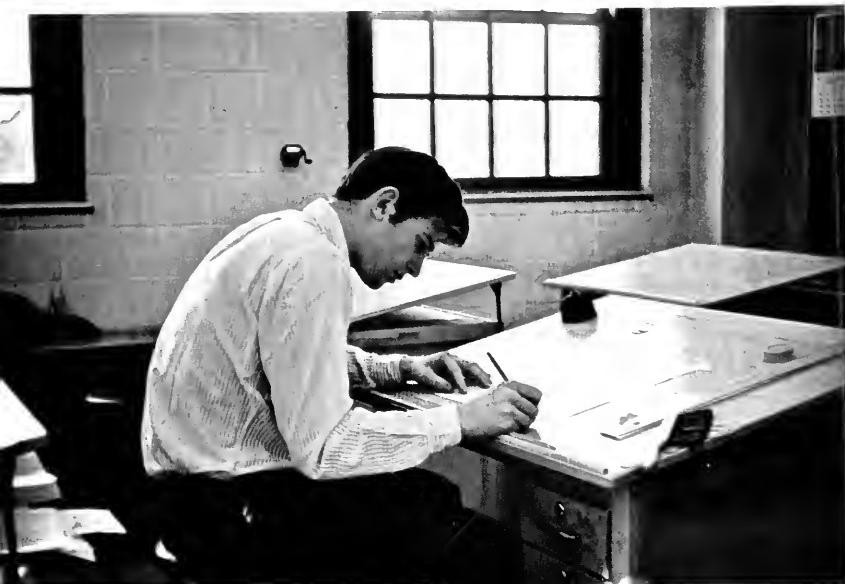

A university is not simply a collection of buildings  
with certain persons placed in certain  
spots to play certain roles, but is instead composed of two important  
groups—the faculty and the students. It is the  
interaction of these two groups which make a university, and it is the hope  
of the editor and his staff  
that this 1968 *Calyx* has captured some of this activity  
which is uniquely Washington and Lee.

## Dedication

Certain men have worked tirelessly for the betterment of the University and the quality of the education given its students. Among these is Lewis Whitaker Adams, who will retire next year as Dean of the School of Commerce and Administration. Assisted by his able secretary, Mrs. Gladys Maxwell Varner, Dean Adams has done more than perhaps anyone else in the University to gain for the Washington and Lee graduate, the prestige and respect he justly deserves. It is to this man who has devoted so much of his life to the University that this 1968 *Calyx* is gratefully dedicated.

# Acting President Pusey

To The Class of 1968

When you peruse this handsome volume you will find a rewarding summary of many of your common experiences during the past four years. Later, you will re-examine it with nostalgia and hopefully with an awareness of how much your college career has contributed to a mature appreciation of life and of the society in which you are living.

We are confident that you have learned much at Washington and Lee, not only from your courses but beyond that from an environment which will lead to the wisdom, humility, and independence of mind that mark a truly educated man. We are proud of you and expect that you will cheerfully accept the problems and obligations which your college education has laid upon you. You do not need to be reminded that our world is one of flux and complexity. It will be your obligation to adapt courageously and resourcefully to change while preserving the meaningful values of our civilization.

To all of you go our best wishes for the future and our gratitude for your contributions to the enduring spirit of the University.

*William W. Pusey 35*

The Legal Research Association was founded in the spring of 1965. The Association grew out of a program begun by the Student Bar Association in 1964 to encourage self-improvement through research. The membership of the Legal Research Association is limited to second and third year students who have a weighted average of at least 75 and who have an interest in improving themselves through

research experience. The questions researched are not theoretical, but are concrete problems submitted by practicing lawyers which have arisen in advising their clients or in litigating their client's causes. After the question is researched by the team assigned to the task, a memorandum is prepared by the research team assisted by the student officers and the faculty advisor of the Association.

Washington and Lee, as a small liberal arts university with sole emphasis on undergraduate education, offers students an enormous opportunity for self-expression and for a close and functional relationship with faculty and administration. Students are able to regulate their own affairs and to take an integral role in determining the curricular and extracurricular policies of the university. In fulfilling this role, the students must accept a great responsibility for themselves and for the university as a whole, and must take the initiative in seeking new ideas and improvements to further the goals of Washington and Lee. The primary purpose of student government is to provide a channel for expression of this responsibility.

The foremost responsibility of the Executive Committee is that of the Honor System—not only its administration, but also its effectiveness and its relation to the university. The E.C. took special steps in this direction by assuring that each student, both new and old, was aware of the basic tenets of the Honor System in order to ensure justice and impartiality. We should, however, question in our own minds whether the provisions of our system are those most effective in accomplishing our acknowledged ends.

In the area of student affairs, The Executive Committee must not be content with day-to-day administration, but must evaluate its goals of education, and must assume the initiative and responsibility to take all actions within the power of students to shape and change the aspects of Washington and Lee which hinder the achievement of these goals. Only by the demonstration of responsibility through active efforts in this area can the student government its privileged position as a partner with the faculty in conducting the affairs of the University, as it did when it caused the exam schedule to be changed.

## Student Control Committee

In the tradition of student control, the Student Control Committee handles matters pertaining to student discipline on the campus, in the City of Lexington, and at neighboring girls' schools. The Committee, composed of seven students carefully screened and selected by the Executive Committee, has as its aim the maintenance of Washington and Lee's reputation as a school of gentlemen. The Committee's assumption of disciplinary duties has relieved the faculty and administration of the task, and greatly contributed to the respect for student government at Washington and Lee.

LEFT TO RIGHT, Ragland, Brower, Moore, Siverfield, Harkey, Wetsel, Waters, Hutchins.

## Cold Check Committee

The Cold Check Committee is a nine-man organization selected each year by the Executive Committee. Its purpose is to maintain the good relations between the student body and the town merchants by ruling over infractions involving bad checks passed by students. Offenses involving "bounced" checks and overdue accounts are considered at the weekly meetings of the Committee, and offenders are fined for repeated appearances.

# **Assimilation Committee**

LEFT TO RIGHT, SEATED, Winn, Pustey, Wyatt, STANDING, Gottwald, Miller, Philpott, Stewart.

Stripped of its fining and other disciplinary powers by the Executive Committee, the Assimilation Committee concentrated on freshman orientation during 1967-68. Its main project included publication of *The Student Handbook*, a thorough booklet describing all extracurricular activities on campus that was prepared for freshmen but later distributed to the entire student body after many requests for copies.

# **Student Library Committee**

LEFT TO RIGHT, Stack, Brown, Unti, Brook, Bartlett, Tucker, Reagan.

The primary purpose of the Student Library Committee is the protection of the library's resources from removal or unauthorized use. The Committee has also attempted to keep the library quiet in order to allow undisturbed study. The installation of wall-to-wall carpeting in McCormick Library has greatly helped the situation. The installation of Nerox machine and an automated check-out system are two recent improvements suggested by the Committee. The full cooperation of Librarian Henry E. Coleman, Jr. and his staff has helped the Student Library Committee to implement its goals.

## Publications Board

The Publications Board is composed of the editors and business managers of the CALYX and the *Ringtum Phi*, a photography editor and from 1967 on, the editor and business manager of Ariel. It acts as legal publisher of all publications and all contracts must be with the Board rather than with individual publications. It is the governing body of all publications and editors are responsible to the Board for their actions. Any formal protest against a publication must be reviewed by the Board. The Board approves budgets of its publication and selects editors and business managers for the following year.

TUESDAY STAFF—LEFT TO RIGHT, Wilson, Honig,

Rivalry reached new heights between two editions of *The Ring-tum-Phi*, Washington and Lee's official twice-weekly newspaper. The different staffs of the Tuesday and Friday editions not only fought pitched battles weekly in front of the Reid Hall office, but the Tuesday edition completely changed its masthead type style to further distinguish itself from the Friday edition.

Aside from the keen competition, the two editors ably led their industrious staffs in the search for news. Bob Keefe, a senior political science major from Milford, Conn. served as Editor-in-Chief of the Tuesday edition. His system of rating staff members with mini and maxi-points effectively set back the abolitionist cause of the 1850's as slavery was reinstated.

Editor-in-Chief of the Friday edition was Mike Dunn, a senior from Hampton, Virginia, majoring in Ancient Languages.

This edition achieved the long-envied record of never coming out late and erased the sad memories of "Saturday Supplements." Both editions proved invaluable in preparing the university community for the highlight of the year—the Mock Convention. Interviews with leading Republican Senators and Governors, copyrighted by the *Ring-tum Phi*, helped the Convention delegates toward their important goal.

## Debate Team.

Washington and Lee's Debate Team probably had its most successful season ever during 1967-8. Chris Mills and Tom Baremore won the University of North Carolina Invitational in early October in Chapel Hill, W. and L.'s first tournament of the year. During the fall, Mills and Baremore followed this up by reaching the semi-finals of the Emory University Tournament in Atlanta and the semi-finals at Wake Forest, also thus qualifying for the Tournament of Champions at Michigan State in East Lansing in late March. Further, Mills and Andrew Wyndham, a freshman, again qualified for this tournament by getting to the semi-finals of William and Mary in early February. The regional Delta Sigma Rho-Tau Kappa Alpha tournament in Charlottesville at the University of Virginia was won by a four man W. and L. team—Rusty Meyer, Tim Wright, Mills, and Baremore also receiving awards. In February this year's team captain Hal Higginbotham and Wright reached the semi-finals of the University of Richmond Tournament.

## Student Service Society

The Student Service Society is an established Washington and Lee Organization. The main function of the organization is to provide guided tours of the campus for visitors, prospective students, or groups who are interested in seeing and hearing about the University. Working generally in coordination with the office of admissions, a member of SSS offers about two hours of his free time a week to give tours during which he points out the physical aspects of the campus, relates some history about Washington and Lee, and explains some of our traditions.

This year and in the past, the organization has worked with the Alumni Department during Homecoming Weekend, the Administration during Parent's Weekend, the Debate Club during invitational tournaments, and the Journalism Department when entertaining SIPA.

New members are chosen in the fall from the sophomore and junior classes by application and interview. The President is Jody Kline and the Secretary is Clark Carter.

The Concert Guild, an organization composed of students and faculty, brings to Washington and Lee each year five or six artists in the field of serious music. In addition, for the past two years, the Guild has sponsored the visits of composers to the campus to give a series of lectures on their works. Although most of the performers are still in the beginning of their careers, they represent the directions in which serious music is moving. This year, the Concert Guild presented the Richmond Little Symphony, the Due-tri Ensemble, Trio Flauto Dolce, Thomas Brockman, and the Sonata Da Camara.

The officers of this year's guild besides President Randy Lee are Stephen Sharp, Secretary; Alan Gibson, Treasurer; and Richard Thomas, Publicity.

This year the Glee Club took to the air in mid-October for its first international tour. Enroute to Montreal, the Club stopped in Washington, D.C. for a concert at the National Cathedral; then it was on to Montreal and Expo '67. Under the direction of Professor Robert Stewart, the club began rehearsals before the school session started. Singing at the Alexis-Nihon Plaza and on the Expo grounds, the club gave a program of show music, drinking songs, spirituals, and sacred music and returned to Rockbridge County to perform at the State Convention of the Junior Chamber of Commerce. The Christmas session brought the Washington and Lee Glee Club and the Sullins Choir together for concerts on both campuses.

Sazeracs behind bars.

The Sazeracs were founded in 1956 after two students returned from a trip to the French Quarter in New Orleans. While there, they frequented Pat O'Brien's Bar and discovered the Sazerac—an exotic sounding drink. Since that beginning, many albums have been produced and the group has performed before countless audiences.

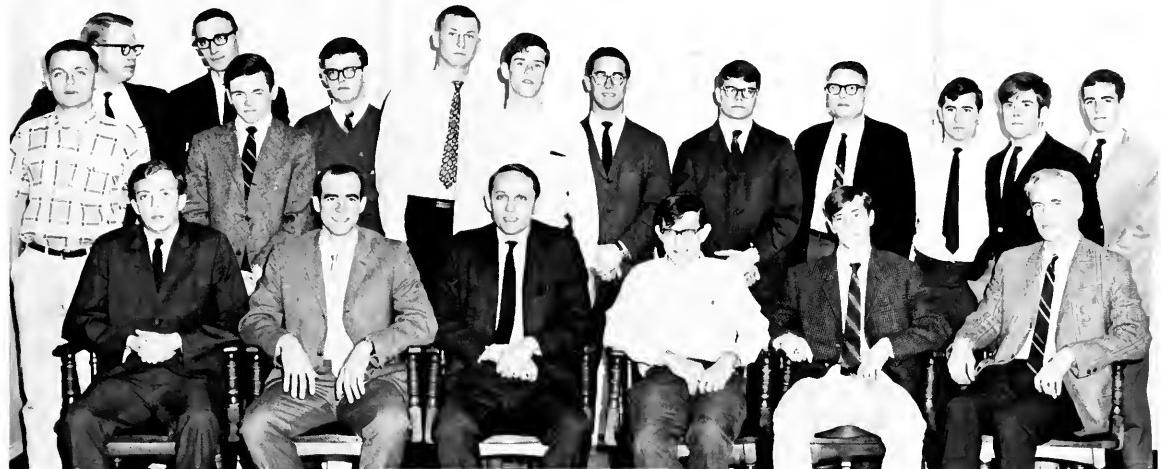

1967-68 was a very successful year beginning with the performance in Evans Dining Hall for parents, faculty, and students at Parents' Weekend. Following that, the group performed at seven fraternities during Openings Weekend. March 1 found the group singing, eating, and even drinking at the Pinehurst Country Club in North Carolina. To top off the year, the Sazeracs made their annual appearance at Jim Peterson's Club Taboo on Worth Avenue in Palm Beach, Florida.

The group acknowledges the capabilities and efforts of the departing seniors Miller and Ballantine and genuinely hope that they are not singing somewhere overseas.

## Geological Society

Newly formed in 1967, the Geological Society has the purpose of bringing together members of the student body who have an interest in geology and geological research. The requirement for membership is to have taken three semesters courses in the subject. The society sponsors field trips and expeditions in Lexington and the

# The - - - - - Society

German, Vandiver, Turner

CHARTER MEMBERS: Keefe, Sturke, Spann, Mason, Cottell

The Society was created in 1967, and plans to go out of formal existence in 1968. Public are its password and ritual; but private are both its purpose and the identity of the man whose name the Society has adopted. Membership is extraordinarily selective, there being countless clauses, restrictions and other limitations. The Society is made up of certain self-styled heirs to its noble and courageous spiritual leader, who—like him—have fallen upon the thorns of life and bled, and have then crossed the Styx. Through its public-spirited educational efforts (advertisements in the *Ring-tum Phi*, for example), the Society brings to those less fortunate than itself the Way and the Light and the Truth.

Members: Philip Gaertner, Jr., Marjories Pauline German, Robert Stephen Keefe, John Stevens Mason, Clayton Lee Spann, Frederick Meyer Sturke, Jr., Linda Dianne Turner.

# Freeport Tuna Club

The Freeport Tuna Club is a not-so-secret brotherhood of residents and former residents of the western section of the Old Dorm. Founded in 1966, its guiding principle is the adage laid down by the Grand Tuna on the third day of Creation: "All Men are Basically Fish."

## "13" Club

Former Treasurer Gordon and President Stu Baker.

Ranking along-side Phi Beta Kappa and Omicron Delta Kappa in members' minds only, the "13" Club is designed to its men in the ability to distinguish between the worthwhile and wasteful objectives of college life. Thirteen members of the Junior class are chosen each year for membership. Among the characteristics which new members must possess are those of self-denial, cultural refinement, extreme

composure, and intellectual curiosity. Perhaps it is because of its over particular interpretation of these, of what is worthwhile and wasteful, the "13" Club is very much misunderstood throughout the University for obvious reasons. Nevertheless, the Club somehow survives to spread its message of Bacchanalian delight.

## Mongolian Minks

The Mongolian Minks is an esoteric organization with a history traceable to Alexander of Mesopotamia. After the demise of Alexander, the group moved to an unknown location in Germany until the Wars of the Roses when they emerged in full strength on the British Isles, only to be forced into hiding once more by the leaders of the Puritan Revolt. Finally, after long and arduous travels, this group found worthy and permanent asylum on the campus of Washington and Lee University in Lexington, Virginia, the Shrine of the South.

The activities of the Mink, which are so enigmatic as to border on the inscrutable, have often been misunderstood, and it is for this reason that this organization has been seen in the wrong light. For public purposes the function of the Mongolian Minks is to live in a manner which will paradoxically merge the Dyonisian and Byzantine Heritage of the group, in order that each individual may be most worthy to work for the general betterment of mankind.

## Honors

Honorary and Professional fraternities, although in no way intended to take the place of social fraternities, play an important role in campus life. Not only do they bring together students and faculty of like interests, and recognize excellence in certain areas, but they also bring to the campus speakers of whom the entire University can benefit. The most prominent of these was Richard Nixon, whose pictures are seen on this page and who spoke at the annual assembly for the tapping of new members to Omicron Delta Kappa.

# Phi Beta Kappa

Phi Beta Kappa, the oldest Greek letter fraternity in the United States, is a national honorary fraternity which recognizes outstanding scholarship. Membership in the society has long been one of the highest academic distinctions attainable. Qualifications for membership are based upon high scholarship, liberal culture and good character. Each graduating class is considered by itself and each individual is judged on his own merits with membership not based upon any fixed percentage of the class.

Omicron Delta Kappa, national honorary leadership fraternity, was founded at Washington and Lee in 1914 by a small group of students. Among these founders was Rupert N. Latture, former professor of political science who still serves as an advisor to the Alpha Circle. Today Omicron Delta Kappa has chapters at most of the leading colleges and universities of the country. The speaker at the 1968 Tap Day ceremony was Mr. Richard Nixon, former Vice-President of the United States.

## Football Team

The line-up.

1967 was indeed a year of change for football at Washington and Lee. An aroused squad under the direction of coach Lee McLaughlin took a large step towards gaining back some of the respectability lost during the last three seasons. Led by co-captains Rudd Smith and Phil Thompson, the Generals recorded a 5-4 season against the toughest schedule faced in many a year.

Opening early against Guilford, the Generals fell victim to their own mistakes by the tune of 35-0. W&L rebounded by shocking state power Randolph-Macon in a thriller, 13-12. The Generals followed with a 6-0 upset victory over Centre.

W&L next took on Lafayette—which plays such Eastern powers as Harvard and Rutgers. The result was a bitterly contested 17-7 win for the Leopards.

A large crowd on Parents' Weekend saw the Generals decisively beat Mason-Dixon Conference champion Hampden-Sydney by the score of 12-0. On Openings Weekend, the Generals defeated Bridgewater College 16-0. With this victory, W&L capped the mythical State Small College Crown.

A bleak Saturday in Sewanee, Tennessee was the setting for a shocking 43-0 loss to the arch rival

Kenny Long on the tackle.

Andy Bloom watches as Crosland lunges over the middle.

Sewanee Tigers. The Generals, however, showed their ability to bounce back by crushing powerful Southwestern, which had previously vanquished Sewanee.

In the season finale, W&L lost a battle against the clock in succumbing to the Washington Bears 17-0. This game threw W&L into a three way tie for second place in the C.A.C.

It is a well known fact that the Washington and Lee Rugby Football Club is the only truly athletic "sport" on the college's campus; this is so because it is made up of several hearty fellows whose sincere purpose is to play a good game of rugby, enjoy good fellowship, and of course partake of the traditional post-game keg. While other intercollegiate teams play on Saturday before large partisan crowds, the rugby team pursues victory before a small group of dedicated fans every Sunday afternoon. What true athlete wouldn't enjoy the comradeship of his fellow ruggers after participating in a successful scrum. The W&L Rugby Football Club continues to bring big time sports to our campus by playing teams from U.N.C., U.Va., Duke, North Carolina State, Georgetown, and South Carolina. Above all we must remember the club's motto: "Rugby, the game for hooligans, played by gentlemen."

Once again leading the fall sports, the soccer team under Coach Lyles finished with a successful 9-3 record and the state tournament championship. The young team, with only three seniors — co-captains Allen Craig and Charlie Harrold and fullback Rich Burroughs, matured during the season and won seven of its eight games.

Fechtel struggles for ball.

Six Generals were selected for All-State honors, Scott Fechmey, Allen Craig, Rich Burroughs, and Tom Mitchelli for the second consecutive year, and Charlie Harrold and Jack Horowitz for the first time.

Operating under a new formation, the booters showed a balanced attack that scored 36 goals while holding the opponents to 12.

## Cross-Country Team

In a fall filled with injuries and strong opponents, the Washington and Lee Cross-Country Team suffered its first losing season in recent memory. Coach Dick Miller was disappointed with the record, but was encouraged by the improvement of runners like Harry Zeliff, Sean O'Conner and Dave Haydu, from whom he expects a winner next year. Co-Captains Corbet Bryant led the squad in most races, followed closely by Zeliff. Junior Ralph Pearcey and Co-Captain Bob Stack were injured for the entire season. Home course victories over Centre and Fairmont

Colleges were quickly nullified by decisive losses to Lynchburg, Bridgewater, Richmond, and High Point. In a close tri-meet, W&L edged Old Dominion, but lost to Roanoke. Host to the College Athletic Conference meet this year, the Generals finished a strong second to Washington University. Harry Zeliff cracked the top ten to win the fourth place medal. Freshmen prospects Bill Arvin and Paul Wilbur should give Coach Miller the depth he will need for next year.

## Basketball Team

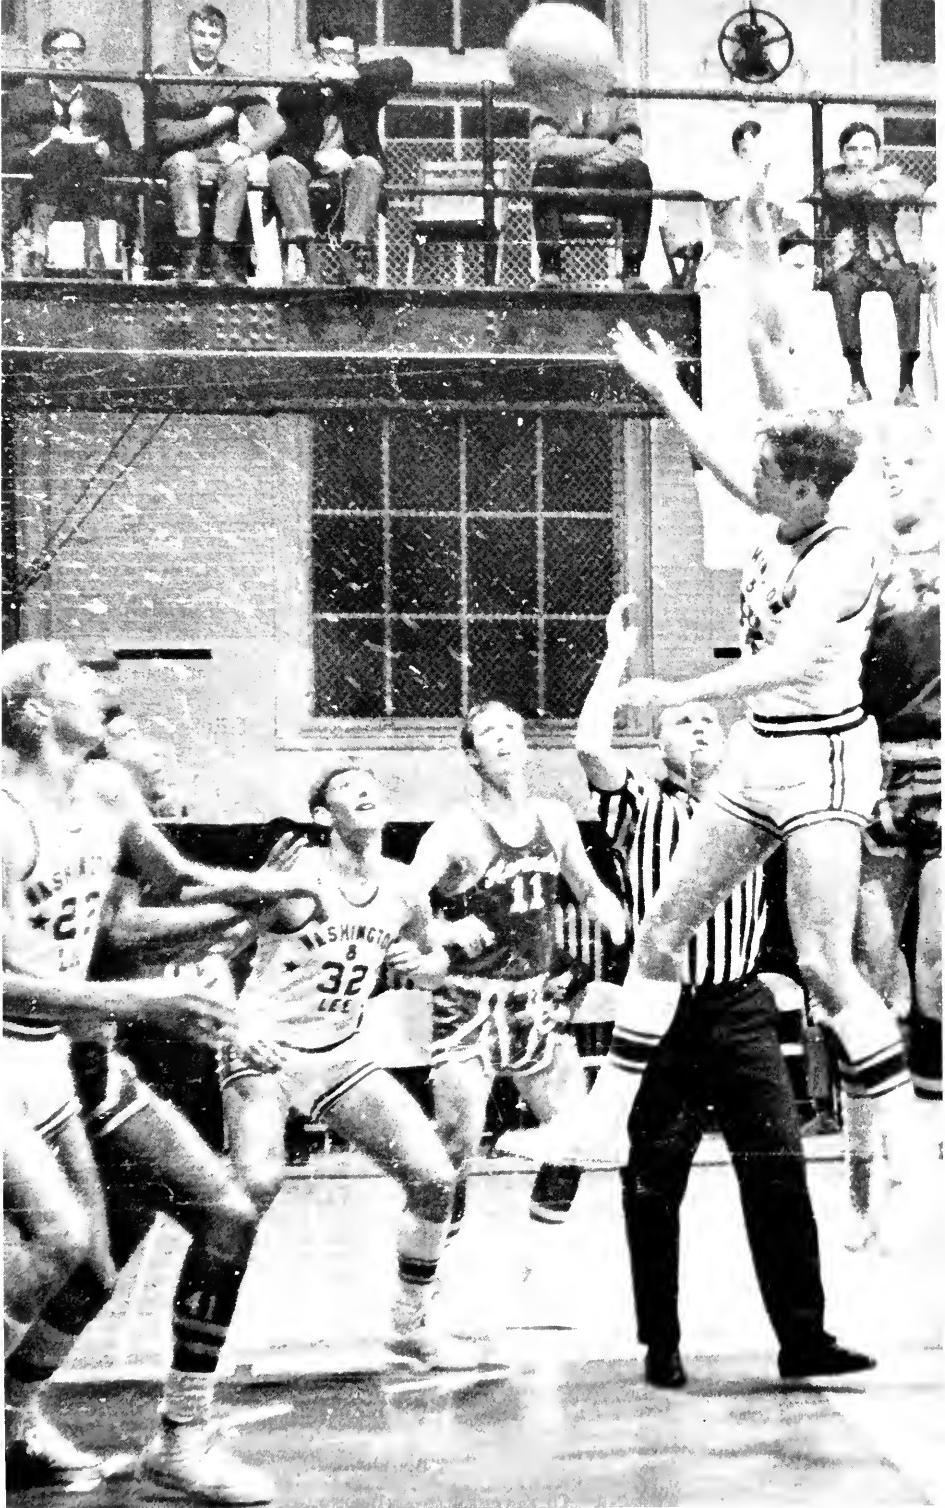

In his fourth year at Washington and Lee, Coach Canfield came up with his second winning season and brought his record to 51 wins and 43 losses. This year's 19-6 record was one of the best in the state as the Generals went undefeated at home.

After winning their first two games, the Generals journeyed to Ashland to participate in the Randolph Macon Tournament. In the opening round they were downed by Lycoming but came back the next night to trounce Maryville for third place. That was the start of a twelve game winning streak that was to last until the first game after exam break.

While the weather here was freezing, the Generals took off for Florida on February 16. Though they lost both games, some fine individual performances were turned in. The Generals returned home to meet arch rival Emory and Henry who downed the Generals in overtime last year. It was a different story this year, however, as the Generals rolled to a 110-65 triumph.

Coach Canfield and Captains Rod Bauer and Jody Kline.

Neer and Fauber wait for Cartwright's tip.

The Generals had only one senior on the team this year, co-captain Jody Kline. Jody's presence will be missed but the candidates for his position are promising. Of course John Carrere will be back as one of the guards and Norwood Morrison, Charlie Stone, and Bill Rhyne will supply plenty of depth.

The addition of transfer student Mike Neer gave the Generals the added height they needed as he turned in consistently fine performances both offensively and defensively. Neer's stuffs are a sight to be remembered. Mike is only a sophomore so he will have two more years on the team.

Also back will be the other two members of the "M-Squad;" Mal Wesselink and Mel Cartwright. Wesselink proved himself to be one of the year's

steadiest players with deft ball handling and a deadly jumper that many teams remember.

Cartwright proved himself to be the true team player this year as he led in assists and put the team effort above personal glory. In a special ceremony before the last home game of the year, Mel was named the Tuesday *Ring-tum-Phi* "Player of the Year" for his outstanding contribution to Washington and Lee basketball. Along with the "M-Squad," the Generals will have Stu Fauber and Earl Edwards who provide plenty of muscle on the boards and scoring punch when called upon.

One of the biggest disappointments of the year was the infrequent appearance of Rob Bauer. Rob was sidelined with a bad knee most of the season.

Cartwright "pops" from the key.

Cartwright makes his move and scores.

## Rifle Team

LEFT TO RIGHT, FIRST ROW, Schmidt, Jackson, Maslansky, Ossi, Shapiro, SECOND ROW, Guill, Jenkins, Unti, Salb, Ruby.

Triggered by Hugh Guill, Mike Jenkins, and upcoming freshmen talent and backed up by a nucleus of veteran marksmen, the 1967-68 Rifle Team won 300 percent more contests than last year and finished seventh in the state rankings.

Consistent high scorers and squad leaders included Martin Schmidt, Guill, Tom Jackson, Jenkins, Steve Unti, Steve Pannill, and Jeff Salb.

Sergeant Fields was proud of his team's performance and anticipates a victorious campaign next autumn and winter. Seen in the light of its drastic improvement over last season and the returning core of lettermen, the Rifle Team should be a serious contender for state laurels in 1968-69.

## Wrestling Team

The 3-7 record of the 1967-68 wrestling team was not indicative of its potential. There were fine performances in nearly all weights during the season, but there was a problem in putting them together. Academic problems sidelined four boys around the middle weights and ear injuries kept Freshman Whit Morrill and co-captain Don O'Hare off the mat for most of the season.

Jay Clarke, co-captain with Razz Razzberry for next year, could always be depended upon for a solid job at heavyweight. He wrestled at 167 late in the season and won a CAC individual title at that

weight. Other winners were Razzberry and Dan Webster, a freshman who outhustled everybody and who will be heard from in future years to come. As a team, W&L was second in the CAC tournament behind Sewanee.

During the regular season, the team suffered expectedly at the hands of such powerhouses as Old Dominion, West Virginia, and North Carolina State. Victories were recorded against Eastern Mennonite, Gallaudet, and RPI. The heartbreaker was the 19-16 loss to Carolina. In general, the team failed to live up to expectations, especially those of Coach Miller.

# Swimming Team

The Washington and Lee swimming team, led by the indomitable Coach Stearns, compiled one of the best athletic records of the year.

Guided to St. Louis by Captain Holbrook, the swimmers topped an excellent season by winning the CAC. Losing only two meets during the year, the Blue Natators conquered West Virginia University, Gettysburg, West Virginia Wesleyan, Old Dominion, Loyola, and Randolph Macon.

Co-Captains Pat Costello and Noel Clinard sparked the team with their excellent performances in the breast-stroke and diving events. "Baltimore Bill" Brumback led the Generals charge on the record books as countless records were broken during the season.

Billy Ball

Billy Ball continued his excellent performances in the medley and breast-stroke events while that Forman animal, Hal Catlin, and Dave Kympton gave Brumback a race for his money in the freestyle events. Bill Kimmel, Scot McElroy, and Mike Berry helped support the Generals in the other strokes.

The Washington and Lee Lacrosse team had a very commendable season under Coach Dana Swan. The record of four wins and five losses was against major competition, including the English All-stars. The highlight of the season was the come from behind victory over Duke University. The Generals scored four goals to win in the last quarter. Washington and Lee was also very fortunate to host the English All-stars. This team made use of a running

and passing attack, which had previously been unseen by our players. Last year's team was led by Honorable Mention All-American Lance Bendann, Duncan Lamoute, and Warren Stewart. Though losing these boys, such returnees as Chip Chew, Tom Pitman, Terry Griffin, Dave Johnson, and Bart Goodwin hold much promise for a very successful season under new Coach Szlasa.

# Track Team

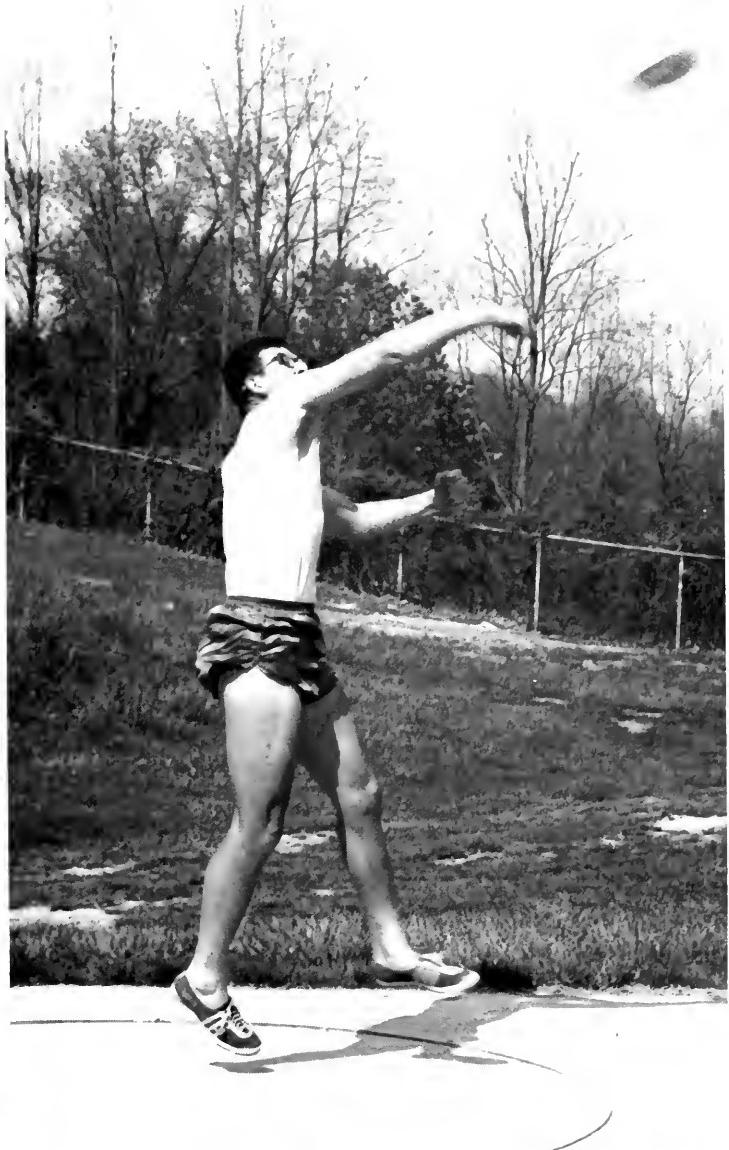

Coaches Norm Lord and Lee McLaughlin guided the Generals' cindermen back on the winning track in the spring of 1967. Dominated by underclassmen, the squad maintained its poise in close contests and finished with a 5-3 record. Early in the season W&L dribbled at Richmond and edged at Old Dominion. Co-Captain Bill Wildrick and Sophomore Phil Norwood were high point men at Norfolk. Returning home, the Generals defeated Eastern Menonite, Hampden-Sydney, and capped the season with a 73-72 upset of High Point College. Co-Captain Bon

Stack and Junior Corbet Bryant consistently led the distance events, and Sam Hinkle and Bob Price greatly improved on the sprints. A pleasant surprise was the strong performance of hurdler Rick Meiser. Both coaches praised the performance of Freshmen Phil Jones, Curt Jamison, Willy Pearson, Drew Thomas, and newcomers Billy Ball and Don Sharpe. Sharpe was awarded the Memorial Track and Field Trophy as most improved athlete, and Bill Wildrick was given the Forrest Fletcher Track Trophy as the outstanding senior.

# Baseball Team

Left-fielder Whitehead keeps eye on high fly.

The 1967 baseball season opened amidst usual cold temperature and strong winds. A spring trip to Florida brought better weather, but also a losing streak that continued with the team's return to Virginia. Lynchburg and R.P.I. twice provided the only victories for a young team that promises much more in future seasons. Outfielder Tom Mitchell and Joe Wilson, catcher Jack Baizley, and infielder John Nolan and Co-Captain Eric Sisler were consistently outstanding. The graduation of Co-Captain Pete Heuman and Jim Cooper leaves a weakened pitching nucleus of Bill Rasmussen and Lee Halford. Nevertheless, Coach Joe Lyles can look for brighter seasons in the immediate future.

W&L succeeded in defeating all of the major state schools, including wins over the University of Virginia, University of Richmond and Virginia Tech. The highlight of the season was W&L's domination of the C.A.C. Tournament where the netters established a conference record by placing all six singles players and all three doubles teams in the finals en route to the title. Individual singles champions were Ray Turman, Tom McJunkin, and Captain Phil Thompson, while the doubles team of Turman and No. 1 singles player Tom Bueger was victorious.

Matthews breathes lightly as ball nears cup.

Senior captain Joe Fulwider led the 1967 Washington and Lee golf team to another winning season under the experienced and dedicated leadership of Coach E. P. "Cy" Twombly. The team's 5-2-1 record included victories over Bridgewater, Old Dominion, Roanoke, and Winchester Colleges and a tie with Hampden-Sydney College. Defeats were suffered at the hands of the University of Virginia and Lynchburg College. In tournament activity, Washington and Lee golfers finished 5th in the Virginia State Intercollegiate Golf Tournament played over the Cascades Course in Hot Springs, Virginia, and 3rd in the College Athletic Conference Tournament at Memphis, Tennessee. Junior Bobby Mathews will captain this year's team which looks forward to another winning season with two year letterman Gary Silverfield, and lettermen Bill McLeod, Gil Turner, and David Parker returning from last year's squad. This experience should give the team an excellent chance for its first victory in the College Athletic Conference Tournament which will be held at Lexington this spring.

## Interfraternity Council

The IFC actively confronted two main problems in 1967: improving the image of all the houses on campus and formulating a new rushing system to go into effect in the fall of 1969. Public relations were improved through participation in the Lexington Heart Fund Drive, supplying the backbone of manpower in planting bulbs in a local beautification attempt, and an IFC newsletter to keep faculty and alumni more aware of fraternity workings.

Progressiveness was evident as rudimentary talks were begun for a consolidated food buying program among all the houses. IFC-faculty coffees helped air views on such controversial topics as the mechanics of the new rush system which will displace any rushing until after first semester. Also, two scholarships were provided to foreign students.

CONTACT was again a great success and contribution to the intellectual atmosphere for the entire school. As a preliminary for the 1968 Mock Convention such notables as Barry Goldwater, Thurston Morton, and Samuel Lubell spoke. The symposium enjoyed wide support from the student body, the community, and surrounding schools.

## Kappa Alpha

Alpha Chapter enjoys one of its finest rushes under Walter Lockhart; Michael Mixson obtained one of the highest averages in the freshman class. On the playing field, Yow, Jamison, Antell, and Harrold were on the varsity soccer team, all in their second year. The freshmen sent McNeil, Bob Smith, Clay, and Andy Wright. The tankmen added Scott McElroy, who turned in his second fine year on the team. Alpha Chapter is well-represented on other athletic fields: Green made the freshman football team; Harris and Pittman played varsity, along with Jones who kept a stiff upper lip throughout the season; and Pittman and Muncks on Lacrosse, Jamison on the cinders, and Logan in the Golden Gloves Tournament; Emory followed those bounces as chairman of the Cold Check Committee. Meanwhile, back at the House Tem started the year with a bang, and the pledge class vainly tried to follow suit, but ended up with poor hands... Twinkle in a pledge's eye... The New Year brought in a fleet of sharp new autos (including the bearded philosopher's Formula V) promising many road trips . . . it is even rumored that the Beck and Bivins are planning them to England and Spain. Wilson, however, did his best to destroy the fleet and was only saved by Smith's timely accident. Dirty Mike, confident that this was his year to clean up, met his rival pledge Reed. The war monger and a noted sleeper enticed Hills to miss his own initiation. Fat Cordo always offered rings and watches cheap when he could be pulled off of C.L. Too many flamers provoked an incineratory incident to disrupt Homecomings and cause the torch's goose to get cooked. Stumpy got naked. Wright has been known to spend several hours in the bathtub. McFarlane digs the new C.I.—he loves to eat meatballs. Artists emerged — Buxton the vocalist, Dickinson the poet, Painter the artist. ## Phi Kappa Psi

Diversity is the word for this year with our athletes, campus leaders, and party men finally being balanced by a few scholars. The novelty of freshmen with good grades has even arisen. Speaking of freshmen, we ended up with eighteen pledges even though to hear the rush week talk you'd think we're the only house on campus that does anything but study weekends. An unusually large group of Phi Psi's help make up the student service society, members being Bob Frost, Charlie Tomb, Mark Heatwole, Ben Schwartz, John Wolf, Fran Lawrence, Jim Wilson, and Bill McKelway. Charlie and John also serve as dorm counselors. Athletically, Andy Bloom, John "Bird Legs" Wolf, John Fox, and Freshman Steve "Cracker" Hannon were members of the varsity football team, with "Bird" being elected co-captain for next year. Chris "Turtle" Coursen played varsity soccer and Mal "The Freak" Wesselink had another great year in basketball. Frost, Jim Chancee, Ned Coslett, and freshman Jay Knipp contributed largely to the lacrosse team while Wolf, Wilson, "Turtle," and freshman Alan "Gilbey's" Shepard played baseball. Freshman Phi Psi's were especially active in football and soccer and also took part in swimming, lacrosse, and tennis.

## Pi Kappa Phi

The threat of a deferred rush program in the near future sobered the minds of the Pi Kappas enough to allow us to conduct another successful Rush Week. With the second largest pledge class on campus, 21, the freshmen have proved themselves to be what we hoped they would be. Buz Sadlock quarterbacked the freshman football team, while Chuck McAfee, Fred Dewey, and Wes Maneval all were on the varsity wrestling team. Ken Newman and Dick Ivey made the varsity soccer team, and Wren Hudgins is playing on Coach Canfield's tennis squad. The pledges coped a tie for first place in the turkey trot and, led Pi Kapp.I.M. wrestling team(?) to a second in the school. The brotherhood was not to be outdone by the upstart class of '71. With the remains of the house being put back in place by House manager Martin after Openings, the Lexington Volunteer Fire Department rolled through going to a fire, in Bogert's room. Brother Shearburn had collected the troops, set up the obstacle course in the hallway, boiled the vats of acid, and waited for the charge of the pledge class in one of the January blizzards only to say later: "Code A Alert is over!"

As a yearbook editor, wouldn't you like—

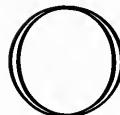

✓ complete creative art assistance in planning and designing your book

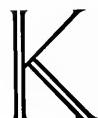

✓ actual known production performances (by records) of substantially less than 10 weeks, as required by most yearbook manufacturers. No contract claims, either, of an additional 4 days on delivery for each 1 day any deadline is missed

✓ an association with a firm who has specialized in designing yearbooks perhaps longer than any other company

✓ our insistence of your reading and checking page proofs to avoid (or at least minimize) possible glaring errors in the completed edition

✓ an all out effort to please you in design, quality, and service at competitive prices

What more could you ask?
